

# VISION 2024: HEALTH

## HEALTHY CHURCHES FOR A HURTING WORLD

Dear Pastor,

Here at the Pasco Baptist Association **we value you**. We value healthy pastors, pastor families, leaders, and ultimately we value healthy churches!

As we consider how to best serve our churches approaching 2024, we want to place an emphasis on a key word: **HEALTH**.

**How are you?** How is your church doing? How is your church at Prayer, Evangelism, Fellowship, Worship, Discipleship, Meeting Needs, etc.? What challenges do you face?

In order to best understand all of our churches and get a clear-eyed assessment of church health, we have hired Mastering Modern Life to **help us help you**. MML's founder, John B. Smith has served in every role within a church for over 25 years. Starting at 19 years old he served on a megachurch staff as a minister to children. He's served as Youth Pastor, Senior Pastor, and most recently as Executive Pastor in a large ministry. Now, as owner of MML, he consults executive leaders in the secular and church world alike.

John's been tasked by your leadership team to understand your church and then articulate for our Leadership Team how we as an association can best position our organization to serve as a valuable partner to your ministry for years to come.

John will reach out soon! We're praying for 100% participation. You'll gain a friend and ultimately grant funding as we position ourselves to serve your church better in 2024! To meet with John, simply email [John@LetsGoPasco.com](mailto:John@LetsGoPasco.com) or call our office at 813.252.0699.

**John B. Smith**

We look forward to learning from this process and shaping our future, together!

Blessings,

Tally Wilgis  
Executive Director
